

Context	What do you want to evaluate?	How could this be evaluated?
Long term Storm water Improvement programme	Community driven implemented projects & programmes  Soft measures	1.  2.
Change agent theory and networks of networks	OECD global project comprised of a network of networks	Social network analysis & application of network theory & change agent theory.  Tani.shaw@isf.uts.edu.au
Climate change actions from the local community.	Long term behavioural change whether it has occurred	That is what I want to know  jayson@masg.org.au
Training program <u>for</u> change agents	a. what changes they have personally made as a result of the training - - where are they now?  b. what change they have been able to drive, instigate in their own work, sphere of influence etc.	Thoughts / ideas from others?  I run a training program for change agents.  Most evaluation is anecdotal, but I am happy to connect see  www.awake.com.au
Building a sense of community	Engagement, local living activities – how local are individuals in their daily activities.	

Local Council	Our Environmental Education Programs  e.g. <ul style="list-style-type: none"><li>• practical workshops</li><li>• booklets</li><li>• brochures</li><li>• articles in council publication</li><li>• expos</li></ul> where its just put out there widely. We don't know whether it has any effect.
